

BREZ (CIRCULAR WALK) FACTSHEET

Distance: 8 k

Time: 2 hours

Difficulty: Low (the route is signposted)

Area: Picos de Europa – Cantabria

Walk 4 : Brez

We leave the car at the entrance to the village. The going is very easy at first and there are attractive views of the valley. Shortly the path divides. The right fork goes to the village of Lon. We take the left fork and enter a small beech and hazel wood. We climb steadily until we come out into pastures with a magnificent view ahead of the Macizo Oriental (Silla Caballo, Jisu, San Carlos...) Here we swing left on a fairly flat path and further ahead descend towards the church.
